Dear FDA Commissioner,

I have chosen to send this letter from a letter writing service. I chose it because it represents my views and opinions perfectly. **It is, however, signed by me as an individual and I hope you will consider it as such.**

I am writing to urge you to ban the slaughter of "downed animals" (animals too sick to stand up) for human food.

It is shocking and upsetting that animals who are too sick to stand, are being used in the human food supply. This irresponsible practice is a threat to human health, and it should be stopped.

Please act immediately and appropriately to remedy this problem.

Sincerely,

Ann Bitting
